## City Complex Bid 10 Per Cent Over

### Commissioners To Reach Decision Next Monday

Mary Carroll has signed with the United States Coast Guard on the delayed enlistment plan. She will complete her senior year at Canyon High School prior to entering the service. She

is the first girl in the Panhandle to sign under the new law that allows 17-year-old girls to enlist.

By JIM ROGERS  
"Disappointed but hopeful," stated J. Pat Stephens, member of the Canyon City Commission following the opening of bids Wednesday afternoon at 2 p.m. in the Canyon Community Center, for construction of the new city complex. The city commission had hoped for a bid at \$1.3 million.

Low bid for construction was submitted by Page and Wirtz Construction Co. of Amarillo. Their base bid was \$1,369,111. They estimated 410 calendar days for construction of the building.

The commissioners turned all bids over to the architect for his study. They hope to be able to reach a decision on building at the regular commission meeting Monday night.

According to George Louder, city manager, the bid was 10 per cent over the anticipated base price. Louder said that they will have to spend some time in the decision making process.

It is hoped that the architect, city manager and contractor will be able to find areas to reduce the base cost of the building.

Mayor J. Manly Bryan said that compared to the bids received by the county commissioners the difference between bids on the city project was minor. Bryan stated that with some cost cutting and planning on certificates of obligation the city will probably be able to proceed with the building. Bryan said that he felt it would be possible to build without tax increase when the necessary changes were made. He stated that he is in favor of proceeding with the building in the near future if the changes can be made.

Bryan stated that two areas that could possibly be cut back in the new building is the basement and the automatic teller window. He said that the basement could be built at a later time under the plaza area or under the community center. He said that there were also other minor areas in the

building that could be changed to bring a slight reduction in the cost.

Bryan pointed out that it would be necessary to have money left over for furnishings for the new building. He stated that they do not wish to cut back on the basic concept of the building and they do not want to hamper the effective use of the building now and in the future. Louder stated that the

cost reduction will have to be made where it would not compromise the efficiency of the building.

J. Banister, architect for the building, said that the building is now in range. He said the only task left was to find areas where it is practical to take off somewhere in the neighborhood of \$60 to \$70 thousand in the cost of the

### GOP Sees Best Chance To Beat James In Years

Texas Republicans think they have the best chance in 100 years to elect one of their own to high state office and he is an ex-banker from Randall County with a business partner living right here in Canyon.

He is Bob Holt who is running against veteran Jesse James for state treasurer.

Host, 41 years old, lives in South Amarillo and is associated with J. W. Palmer of Canyon in a commercial data processing company in that city.

Host, formerly president and chairman of the board of Western National Bank, decided last February to challenge James, who reportedly bears the same name as the Civil War renegade who ripped off the bank at Northfield, Minnesota some century ago.

Holt says that not only are the James investment methods as archaic as James boys from Missouri but that the state treasurer actually has been running for office under an alias for almost four decades.

The Randall County businessman says James has been running for office as "Jesse" because the name is cute and has voter appeal although it belonged to an outlaw who plundered border towns without mercy.

But the state treasurer is not Jesse James at all, he is John James, says the man who is trying to unhorse him. Holt declares that he looked up the incumbent's birth certificate and found that James was christened John.

He thinks John on the ballot might have a lot less voter appeal than Jesse. Holt says the real issue is the manner in which James invests state money. Holt declares that the taxpayer is being penalized millions annually by the ineptitude of the treasurer's office.

"Because of this I'm receiving support from both Democrats and Republicans," declared the GOP candidate.

He averred that Texas has one of the worst records in the U.S. for investment of state monies.

"I want to go down there with some imagination and suggest changes in investment laws," declared Holt. "James says he is just following the law but he has never brought forth a suggestion for modifying the investment laws."

Holt is a native of Muleshoe. His father still lives there and is employed by the Santa Fe Railroad.

The candidate took accounting at Texas Tech and has been in business including oil and gas and banking.

He was vice president and cashier at North State Bank in Amarillo and was president and chairman of the board at Western National in Amarillo.

He and Mrs. Holt have three children, including two girls, one 19 and the other 16, and a son 13

### County Rejects Annex Bids; Keeps Taxes At Same Level

Rejection of bids for a new court house annex in Amarillo, setting the tax rate and more equivocation over location of the sheriff's department radio tower were highlights of a commissioners court meeting Monday.

Commissioners also heard outside auditor Bill Francis express dissatisfaction with the way the county treasurer's office is operated.

Members of the court told Architect Art Vaughn that bids on the proposed new court house annex were too high and asked him to study the possibility of altering the plans so the new structure will fall within the desired price range.

Rejection of bids on the proposed court house annex came upon recommendation of the architect.

"I just don't see how we can alter the present plans to fall within the amount you have budgeted for it," declared Vaughn.

Commissioners had provided \$300,000 for construction of the new annex.

Low base bid was submitted by Panhandle Engineers who offered to build the annex for \$635,950. Eliminating the proposed basement and substituting steel trim for copper would leave Panhandle Engineers with a bid of \$547,775.

Page & Wirtz Construction Company submitted a base bid of \$639,000 and by eliminating the basement and substituting the trim shaved their bid to \$545,500 for the low.

### Drive Set To Help City Lady

Friends of Mrs. Travis Williams of Canyon have begun a drive to collect cigarette packages to aid Mrs. Williams in gaining free treatment on a kidney machine.

Mrs. Williams, a member of the First Baptist Church, was described by a close family friend as the "salt of the earth."

At the present time, Mrs. Williams' mother-in-law is in the local hospital. Her father is in the VA Hospital in Amarillo.

The closest kidney machine available to her is in Clovis, New Mexico.

Even then the figure was almost a quarter million dollars in excess of the amount budgeted.

Vaughn is slated to report back to the court in about a month.

Commissioners repeated last year's tax levy with a levy of \$1.05 per \$100 valuation based on 17 percent of actual value of property being taxed.

The levy calls for 80 cents in the general fund, 15 cents in the road and bridge fund and 10 cents in a special levy.

Commissioners recently hiked rural taxes to raise about \$26,000 to help finance rural fire calls and county road maintenance.

Mrs. Audrey Bruse, county tax assessor-collector, told the court that collections for the past year's tax roll has run 96.46 percent for a total of \$903,031.26 of a possible \$936,203.35.

She also noted that her office has collected \$32,379.60 in delinquent taxes during the past year.

Mrs. Bruse in a report to the court estimated growth in Randall County taxable property during 1974 at \$30,945,298.

She noted a total growth in real property of \$27,202,172 for a total tax revenue to the county of \$43,931.52 but added that \$16,068,200 of the growth will be wiped out because the property is exempted as it belongs to people over 65 years of age costing the county \$25,950.10.

She said the growth is expected to net the county \$17,981.42.

She estimates that the total actual valuation of property in the county will come to \$411,109,628 for a total revenue of \$710,651.72.

Bill Francis told the court he is not satisfied with the way the county treasurer's office is operating. He said the office should be doing the county's bookkeeping and allowing the county auditor to function as an

auditor.

"The auditor is doing all the bookkeeping now," Francis noted.

Francis is in the process of writing job descriptions for county employees. He said salaries in the court house should be based on job, experience and tenure, a practice which is not now followed.

"We need to come up with a pay scale similar to civil service," he declared.

In summing up his annual audit report, Francis warned somewhat grimly that the county has been spending more than it has been taking in.

"You have to either decrease spending or increase revenue," he asserted.

Sheriff's department radio tower came in for some more discussion as the meeting drew to a close.

Members of the court expressed concern that moving the tower might prove prohibitive and it may become necessary to erect it on the court house square after all.

Primary plans called for the tower to be erected on the square. After a display of dissatisfaction by merchants on the square, the court held a special meeting and decided to move it to the county barn site.

It was then estimated that the move would cost about \$1,750. Yesterday it appeared that extra cable and cost of the move would run into several thousand dollars.

County Judge Woody Pond appointed Commissioners John (See BIDS, Page 5)

### Tax Collector To Give Revaluation Plans Soon

A plan to re-evaluate Randall County property at a savings to the county of almost \$250,000 will be offered to the commissioners court in the near future, according to Audrey Bruse, county tax assessor-collector.

"We hope to have a definite plan to offer by next Monday," Mrs. Bruse declared. "It's going to be a big undertaking and will require about 4 years."

Mrs. Bruse said she has the feeling that commissioners court wants her office to do the job.

"I consider myself qualified and I consider my appraiser, Monroe Carr, qualified," she went on. She said she believes that an outside appraiser would cost the county something like \$250,000.

"My office can save the county that money," she declared.

She also noted that an outside appraiser would not be as well acquainted with Randall County property as personnel in her office is.

"Besides that, when an outside firm is done with the re-evaluation its people leave and then we're here in the tax office if there are any," Mrs. Bruse went on.

Mrs. Bruse estimates that the total re-evaluation would require about four years with some 6,500

accounts re-evaluated each year during the period. She said the valuation would be made along definite guidelines but did not clarify what would be done about shifting values because of inflation over the period.

Mrs. Bruse said that simply because values on property are raised does not mean that taxes would be raised accordingly.

"All my office does is establish values and it is up to the commissioners to set tax levies," she explained.

"If the values go up the commissioners would set levies to raise only money needed to run the county."

"The court is conservative and it sets the tax rate," she asserted. Mrs. Bruse said she is giving some thought to the problem of rural values.

She said it is her belief that there is a difference in city and rural property although she has not yet decided how much difference.

### City Woman Enlists In Coast Guard

Mary Adele Carroll, daughter of Mr. and Mrs. Lewis Carroll of Schaeffer Mobile Home Park, has enlisted in the United States Coast Guard on a delayed enlistment program. She is the first girl from the Texas Panhandle to go into the Coast Guard in the enlisted woman's program. She is also the first in the three state area to sign under the new law allowing 17 year old girls to enlist.

Sworn into the Coast Guard on Monday, July 8, by Coast Guard

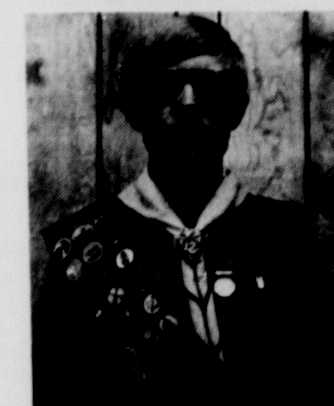

Chief Petty Officer Jerry Schroeder, Miss Carroll will finish her senior year in Canyon High School this spring. She will then go to basic training at Cape May, New Jersey. After 10 weeks of boot camp, she hopes to go into the photo journalism field.

Miss Carroll is the last member of her immediate family to sign for military service. Her father was in the army. Her mother was in the Air Force. She has two brothers in the Navy and one in the Coast Guard.

### Five Troop 31 Scouts Receive Eagle Awards

Boy Scout Troop 31 held a Court of Honor Monday night, July 8, at the First United Methodist Church where Eagle Scout recognitions were bestowed on Kirk Bentley, Fred Bush, Robert Byrd, Brent May and Eric Rathjen.

The Eagle Award is scouting's highest honor. The awards were presented by Shug Bonds, scoutmaster, and assistants, Sheldon Johnson, Randy Cook and Dan McGlasson. Others helping with the court were Charles Fowles, J.C. Newton, Steve Byrne and Carl Johnson.

Eagle badges were pinned on each scout by his own mother and the scouts followed the pinning by presenting corsages embellished with the Troop number (31) to their mothers.

After Eagle Awards were concluded the 1974 Oscar Hinger Awards were presented. The award is in honor of the late Oscar Hinger, former principal for Rex Reeves Elementary School, who devoted many years and much effort to the scouting program in Canyon.

Receiving the Institution Division Award was the First United Methodist Church of Canyon which has sponsored

Troop 31 since 1938. The church has also been sponsor for a number of Cub Scout Packs and Explorer Posts.

The outstanding individual division of the Oscar Hinger Award went to A. M. Warren. Warren has served as scoutmaster of Troop 31 for 15 years and has helped guide many of his scouts to the wearing of the Eagle Award as well as encouraged participation in regional scouting activities.

In addition to Camp Don Harrington and Philmont Scout Ranch leadership activities, several of Warren's scouts have attended National Jamborees in Colorado Springs and Valley Forge, Pennsylvania. A few of Warren's scouts have travelled even further in scouting to attend the World Jamborees in Greece.

"A.M. Warren has made a lasting impression on the lives of many young men who are now scattered all over the nation because of their early scouting experiences here," stated Troop 31 Scoutmaster "Shug" Bonds who noted his pride in saying that he was also one of Warren's "scouts."

FROM THE

CANYON RIM

Pinto beans were selling in the supermarket at 69 cents a pound this week.

I grew up on a Hall County farm where we subsisted on beans, milk and cornbread. On rare occasions mama made biscuits but meat was available only in the cold seasons and fried chicken came along in late June.

I never thought I'd live to see the day when it would be just as cheap to eat beef steak as it is to eat beans.

And still the spiral continues. Where will the bubble go.

I do not think that in the history of this country has the government and the economy been so messed up.

Some one was talking about Richard Nixon's credibility gap earlier this week. This made me mad. The President doesn't have a credibility gap. He doesn't have ANY credibility.

If you're going to look for integrity in government don't go to the judiciary committee that's trying to bring impeachment charges. The AFL-CIO has been committed to a "get Nixon" campaign since before the 1972 election.

This organization is reported to have made contributions in excess of a quarter of a million dollars to various members of the judiciary committee.

Bob Price and Jack Hightower

are going to be locked in a battle for the 13th District Congressional seat this fall.

Bob was in congress during Watergate but Jack was in the state Senate during Sharps-town.

The country's number one problem is inflation, of course. And it's one ill that can't be laid at Nixon's door altogether.

A Democratic congress passed the \$2 an hour minimum wage which represents an increase of 25 per cent without an iota of increase in production.

What did the fools think they were doing if they were not fueling the fires of inflation?

Did they think for a minute that a man drawing \$4 an hour was going to be content to sit on the same wage? Not on your life!

He may not get his 25 per cent at once but he will have to have it within the next few months just to stay even.

That's where 69-cent pinto beans come from. The people it's

hurting are people who are living on fixed incomes, such as pensions and savings.

Somebody wake me up. I don't like this nightmare!

There is a parallel. It unfolded in post World War I Germany.

They got Hitler out of it. Now is a good time for America to be aware of a man on a horse come to "save us."

Lee Harvey Oswald snuck into Dallas back in November of 1963 and shot President John F. Kennedy.

Since then H.M. Baggarley of Tulsa has been castigating Dallas as the city of hate. The Panhandle's number one purveyor of hate seems insensitive to the fact that Oswald never lived in Dallas and subsequent million-dollar investigations have failed to link him with anyone who EVER lived in Dallas.

Baggarley continues after more than a decade to crucify the

city on the Trinity.

Last Saturday Vice President Jerry Ford's party had an assassination scare when heat popped a car window near his cavalcade in Big D.

I would have been as chagrined about the shooting.

I wonder if the Tulsa editor will make any link between this caprice of nature and what he chooses to label the natural rottenness of Dallas.

By MARY NEAL HENRY

Mr. Birdsong had given demonstrations in Happy for the club and invited them to see his new home and some of his paintings. The home was an old bar moved into the north part of Hereford and remodeled into a three-story contemporary home. The Birdsongs did much of the work by themselves.

John Childs, president of the Canyon Chamber of Commerce, stated that he was pleased with the bids. Childs, who headed the Citizens for Canyon group prior to the vote on the complex, stated that he expected the bids to be higher — somewhere in the \$1.8 million area.

Childs said that this bid would "be in the ball park." In view of the high cost of building today, Childs feels the bid was reasonable.

## Dumas Wins Canyon Babe Ruth All-Star Tourney

Dumas defeated Pampa 11-10 in a four and one half inning, two and one half hour boring ballgame that saw the pitchers in a duel for most walks in an inning. In defeating Pampa, Dumas claimed the championship in the Babe Ruth 13

year old All-Star tournament held here this week. The games had been exciting all week and the final two games between Dumas and Pampa were a let down in comparison. In the double elimination tournament, Pampa had not lost a game going

into Friday night's contest. In the first series of games, Pampa drew a bye and did not play until the second day of the tournament when they defeated the Pan-Okies, a team composed of All-Stars from across the Panhandle of Oklahoma.

Dumas came to the championship game the hard way. Having lost a game in earlier play and having won a hard contested game against the Pan-Okies only the night before, Dumas had to win both games Friday to be named champions. In the first game, Dumas overcame Pampa because of the number of errors committed by Pampa.

# GENE HOWE NEWS

By TROYCE MULHERIN  
Twelve t-Our-Fault Greetings:  
THE GOOD OL' U.S. Mail  
failed to come through last week.  
And that's why you readers  
didn't get to enjoy the Gene Howe  
News in Thursday's paper. So,  
what you will read this week  
will actually be last week's and  
this week's and maybe next  
week's. Never can tell...

JIM AND BETTY Johnson have returned from a fun-filled Beta Sigma Phi Convention held in Austin recently. Betty is the president of Alpha Epsilon Chi Chapter. Sharon Whittaker and Diane Snyder, Betty's sorority sisters, joined the Johnsons and a chartered bus load of other conventioners for several days of sightseeing and funfests. The group toured the Capitol grounds and the LBJ Library. Some golfing and a lot of fun-type social activities put the finishing touches on the Johnsons' trip. Bonnie Cherry, who also resides in the Gene Howe area, and Betty had a "Gee, didn't know you were here" meeting in the lobby of the Sheraton Crest Inn.

LUTHER LAWLESS, THE chief at Gene Howe School, was

also greeted in like manner. He and Bob Parks attended the Texas School Principals convention also being held in Austin at about the same time as the Beta Sigma Phi convention.

Mrs. Lawless (Brenda) joined the chief after seeing daughter Teena safely on a bus in Dallas enroute to Mount Pleasant for visiting with relatives. The Lawlesses got a lot of visiting in following convention activities. A visit with friends in Longview found Luther winning in a golf duel with an old friend. (This is the chief's story — He Said he won). The Lawlesses also visited with his mom and dad in DeBerry.

While in Austin, Mr. L. had a nice long visit with his son, Mark, a student at Baylor, who is working as an assistant to a state representative during the summer months. He is really enjoying this experience and mostly digs that research work.

The Lawlesses are/were presently entertaining house guests from Houston. One of Brenda's dearest friends, Louise Gillelan, and her family are/were visiting here on their way to Colorado. Louise's hubby, Gene, and their youngsters, Sharon and Susan, were welcomed to Gene Howe Land with a planned visit to see "TEXAS" in the Palo Duro Canyon. Nice to have the Gillelans here.

Incidentally, Brenda will be re-

tiring from the business world about the 12th of July and is busily making plans for lots of interesting things to do.

SUMMER SESSIONS AT Gene Howe School will be over as of the 12th of July, too.

GUESS WHAT? GUESS what? Oh, Happy Day! The big day, Mother's Liberation Day, (known in some circles as the First Day of School) will be Wednesday, August 21st! Oh, beautiful Wednesday!

Monday, August 19th is enrollment day at Gene Howe.

Now, seriously, no joking around — if for some reason or other you will not be able to personally enroll your youngster/youngsters on that Monday, please, pretty please, call the school for registration information. The school must absolutely, positively know that your child/children will show smiling faces at school on Wednesday. School number is 355-6501.

If you have acquired new neighbors with elementary-age youngsters, you might want to pass this info along.

VISITED WITH RAY Myers over the telephone last Sunday. He relates that the track team did real well in the local track meet at Hereford. The AAU qualifying regulations deemed it necessary that our youngsters be moved up a step in the two divisions in which they previously participated.

Cory Myers qualified for the 100 and 220, went into the finals, emerging 6th in the 100 and 7th in the 220. Casey Myers entered the 50 and the 100, running 7.9 in the 50 and 14.8 in the 100. These are excellent times in anybody's books.

The relay team, composed of Doug Lee, Larry Ray, Terry Miller and Cory Myers, came in fourth place in the quarter mile run.

THE FIFTH and sixth grade baseball team, co-coached by Len Schmidt and Danny Sellers, has its winning ways, losing only one game so far this season. The team's last win was over Olsen with a score of 22-9. Keep slugging, men!

THE ALL-STAR TEAM for the ten to twelve year old Randall County Little League has been selected. Area players include Ken Cates and Terry Miller, who both played for the Astros; Danny McGregor who played for the Dodgers; and Britt Bostick who played for the Red Legs.

The Astro team emerged as the championship winner, having won twenty games and losing zilch.

Practice for the All-Stars is already underway, and the first

game for these youngsters is scheduled for the 15th in Pampa. Good luck, men!

OUR FIRST GRADE T-ball team, coached by Mr. and Mrs. Don Wilcox, played Avondale recently. They won over Olsen Park 40-25 with Tod Wilcox scoring two homers; Delbert Hollis scoring two homers; and Kip Camfield, Royal Yarbrough, Cody Morris and Lynn Vandlandingham racking up at least one homerun each.

As you can probably gather by the high scoring in these T-ball games, the kids get a lot of hits. In fact, "flies" are the name of the game, and sometimes catching those fly balls is as important as hitting same. In this last game, Delbert Hollis caught a fly ball and Jay Edwards caught eight big ones. Catching counts as much as hitting.

NOW MIGHT BE an opportune time to say that hopefully everyone of your readers recognize that each youngster on a ball team is as important to the team and its wins as any other member — fly-ball catcher, homerun hitter, or fielder.

Onlyest thing is that it would be next to impractical to list every player every week. Gene Howe Land has at least nine Kids, Inc. teams; each team has from twelve to eighteen players. So, we do the best we can do in reporting game results, sharing as many game highlights as possible.

OUR FIRST AND second grade girls' team won over Whittier 41-38 with Darla Campbell socking out three homeruns, and Lori Rawls contributing her homerun to the final scoring. Lori's homer brought in the last two runs of the game. In a close game with Eastridge, Ginger Bell made a homerun, as did Darla Campbell.

Recent reporting of a score of 48-37 being, "too close for comfort," contained a typographical error, obviously. The score was 38-37. Now, that really is too close for comfort!

Jackie Mayfield had the coaching honors all to herself in the Eastridge game as her co-coach, Tonya Holt, was out of town.

TONYA AND HUBBY, Ronnie, travelled to Oklahoma City to "play ball." Actually, Ronnie plays softball for Pumpco Supply and his team played in a tournament in Oklahoma. The Holts had a great time, staying for the speed boat races. Bobby and Mary Jo Hulse accompanied the Holts on this Oklahoma journey.

UPON TONYA'S RETURN to town, she and Jackie Mayfield coached their T-ball team to a win over St. Joseph.

with a score of 36-26. Darla Campbell, Tracy Betty and Valerie Davis hit homers. Allison Kitten racked up two homeruns in the game in which fans were treated to a fantastic play by Ginger Bell, who plays fielder, to Kimberly Thompson, catcher. Ginger got the ball there and Kimberly got the opposition out in a nail-chewing few minutes of play.

OUR FIFTH GRADE girls, co-coached by Kenneth Drost and George Schmidt, racked up a 44-16 win over Wolfen last week. Shelley Shenk led homerun hitters, contributing four to the final score. Also hitting homers were Dena Harp, Tracy Gillis, Cindy Nuzum and Kim Langford.

Jo Delaney polished the win off with a grand slam! In a 27-24 win over Belmar, Kaki Mulherin hit two homeruns, as did Jo Delaney. Kelli Campbell and Kim Langford shared their homers with the final scoring, too!

CAROL BAYS, WHO coaches our sixth grade girls, reports in on a win over Highland Park. Teena Berry and Ceci Bays racked up homeruns. Final score was 35-1. Good show, girls!

LARRY BROOKS, CO-COACH with Gene Powers, of our third grade boys' team, reports in a tight 34-33 win over Highland Park. This was a really exciting game which went into extra innings before our boys won.

The score was tied in the sixth inning; the team held in the seventh. David Hamilton whacked out to the plate, two outs were behind our team, and David whacked that ol' ball hard enough for Wayne Bruffett to come across home plate for the winning run. Duane Hollis hit two homers and Chris Pool contributed his to the scoring, as did Wayne Bruffett, David Hamilton (2), Scott Powers, Scott Sauer and Kevin Smith.

Coach Brooks said all the boys played "top notch" during this game. Congrats, men!

JOHN HICKS HAS returned from a fisherman's paradise pleasure trip to Port Isabel. John and his brother, Wylie of Canyon, joined several other lucky men in a fishing trip deluxe, which was sponsored by the Associated General Contractors.

The eleven men on this idyllic pastime took advantage of their electric fishing rods and reeled in more than their fair share of Red Snappers.

John caught a shark which was bigger than daughter Sheila. The shark was killed and then thrown back into the briny deep for the other sharks to eat.

John also caught a beautiful yellow fishie the captain called a "Scamp." This fish is considered such a delicacy, that said captain traded Johnny forty Red Snappers for same. These thoughtful fishermen had their catch cleaned, filleted and frozen before bringing "dinner" home with them.

As far as the Hicks youngsters are concerned though, the shark teeth their dad brought home for them are a lot more interesting than the fishes and the fishy stories to which they were treated. Just jesting, Johnny.

BETTYE STOKES HAS certainly enjoyed a very special houseguest these past few days. Her younger sister, Mary Lou Burke, is visiting from Blue Ridge, Texas. Mary Lou and the Stokes family have indulged in a big picnic at Dalhart and a Catfish fry at Stratford during her stay. Swimming, bicycling and sewing have also appeared on her list of activities.

KIM LANGFORD TREATED Stormie Moreland to a surprise birthday party Thursday before last. Stormie aged a year on the 27th, becoming twelve big years old.

Kim, the daughter of Mr. and Mrs. John Langford, warned Gaylene Byrom, Tammy Kelley, Kaki Mulherin, Carla Schmidt, Debra Drost, Gemma Johnson and Julie Ellsaesser that that evening's slumber party was really a surprise for Stormie. She was invited over to look over Mr. Langford's presents (he had birthdayed the day before), and quickly discovered that she was the honoree of a sleepless, frog invaded, slumberless party! Many more happyes, Stormie!

JESSIE CORONADO REPORTED in that Canyon's Pee Wee League championship honors went to the team co-coached by Leonard Schmidt and Dave Coronado! The Pee Wee's are eight and nine year olds, and this team lost only one game all season.

The team celebrated its honor, well-earned honor, with a weenie roast and swimming party.

The coaches presented trophies to Russell Schmidt, Greg Coronado, Tod Buffin, Ronny Bostick, Greg Ballard, Steve Hord, Mike Longhofer, Shane Sanders, Greg Persall, Gary Don Glenn, Kevin Wright and Nicky Bays. The coaches received appreciation trophies from their boys and were also treated to some baseball shoes.

VISITED WITH BETTY Long, children's librarian at the Southwest Branch Library, and she relates that the hand puppet workshop is well underway. The participating youngsters will not only construct their own puppets, they will build a stage and

write a play. Their program will be presented on July 26th at 10:30 a.m. at the branch library.

At next Tuesday's meeting, Gene Howe area's Sarah Edwards will meet with the puppeteers and teach them how "to make their puppets come alive!" With Sarah's expert demonstrations and instructions, these youngsters are bound to have an entertaining program on the 26th. Why not try to see it?

SINCE THE REPORTING hereinabove, the fifth grade girls, co-coached by Kenneth Drost and George Schmidt, won over Whittier with a score of 27-24.

HAPPINESS IS FINDING my glasses, at cross-eyed last. Thanks for the use of the hall and the calls.

Two of the three new agriculture teachers at Canyon High School are presently working preparing for the coming school year. Richard Porter, right and Lee Moore, left, are looking over a list of those who will be attending the state FFA convention. Ronald Hargrove, the third teacher, is presently in school at Tarleton State College.

## New Agriculture Teachers At CHS Begin Work

Lee Moore, Richard Porter and Ronald Hargrove are the new vocational agriculture teachers at Canyon High School. They are presently at work at the school making plans for the coming year.

Hargrove, still a student at Tarleton State College will join his co-workers prior to the start of the coming school year. Moore has the most teaching experience of the trio having taught agriculture for the past 23

years. During his time, he has taught at only two schools. He taught for 11 years in Lexington, Nebraska, and at Happy for the past 12 years.

Moore holds a Masters degree. His wife is a vocational home economics teacher in the Happy school system. His son is a senior student at Oklahoma State University.

Moore stated that his main goal is to teach students for a

career occupation. He feels that vocational training is one of the most important areas of education today.

While at Happy, Moore taught three American farmers, and 20 Lone Star Farmers. The Happy chapter was recognized three times nationally while Moore taught there. Dr. John McNeal and James McManigal, both professors at WTSU, were students of Moore while at Happy. Also, the present county agent and assistant county agent of Potter County were his students at Happy.

Porter will be in his first year of teaching at Canyon High School. He is a graduate of WTSU and received his teaching certificate at Texas Tech. He presently lives in Amarillo where his wife teaches.

Porter, born and reared near Wheeler, said that it will be a challenge to keep up what the teachers at Canyon High School did during the past year. Porter said that since he had been around agriculture all his life, he had been drawn to the area of vocational education.

During the coming year, Moore will be teaching production, Porter will teach Coop Farming and one production course and Hargrove will teach feed lot management.

The three teachers are planning for 150 students in the 1974-75 year. They invite all interested vocational students to visit with them prior to the beginning of the new year.
